# LANGDON MILLS™

*I* N S P I R E D B Y Y E S T E R D A Y - *D* E S I G N E D F O R T O D A Y

*E*ach bath collection from Langdon Mills is designed and built with the care and attention to detail that is reminiscent of an age when furniture was cherished for generations. Every design is re-worked and revised until it is right - until the balance and proportion are correct, the detail is pleasing, the lines are classic.

*L*angdon Mills' bathroom products combine the beauty of fine furniture with the functional utility of built-in fixtures. Our vanities are a thoughtful blend of wood and stone in a product that is both durable and timeless.

The mirrors, linen towers and medicine cabinets reflect the same exquisite taste.

*I*t is our refusal to compromise that makes every Langdon Mills furniture piece a thing of beauty - something we can be proud of. Something you can be proud of.

*S*ophisticated elegance. Crafted in the Langdon Mills tradition, the Edenbridge Collection brings the charm and beauty of yesterday into your home today. The simple bowed front, the rich Okanogan cherry finish, the carefully selected stone tops and the traditional bun feet, together add as much in the country manor as in the urban loft.

COLLECTION

The modestly refined Avonlea Collection is fashioned in the Langdon Mills tradition of classical proportions and clean lines. The comfortable worn saddle finish on a foundation of solid hardwoods and cherry veneers; carefully selected stone and aged brass hardware: the Avonlea Collection is as much about function as it is about design.

Available in Lightly Distressed Black or Lightly Distressed White Finish

*T*he Harvest Collection has a simple, sturdy look that borrows in equal parts from the villages of the Eastern Seaboard and the rural countryside of the mid-West. The lightly distressed black or lightly distressed white finish, the bead board door panels and the classic white Carrara marble top combine to give the Harvest Collection a proud country look.
